

SCHEDULE (DRAFT)

	Monday, 1st July	Tuesday, 2nd July	Wednesday, 3rd July	Thursday, 4th July	Friday, 5th July
Venue	CERTH PREMISES Room Aiolos & Amphitheatre	CERTH PREMISES Room INAB or IMET	KEDEK AUTH, Balkan Center Room 3.1 -A	KEDEK AUTH, Balkan Center Room 3.1 -A	CERTH PREMISES Room Aiolos
9:00 - 9:30	Dr. Georgia Aifantopoulou / Prof. Dimitrios Vlachos Welcome Notes Developing a Digital Supply Chain Strategic Mindset	9:30 - 10:15 Bill Eisele Multimodal Investment decisions	Thorsten Huelsmann Data sovereignty and trusted data governance as enabler for AI in digital logistics and supply chain	Dr. Naoum Tsolakis Towards Agriculture 4.0: Digital Twins for Water Stewardship in Farming Operations"" // robots in agri-field operations inspired by a real problem in India	Dr. Georgia Aifantopoulou Federated Logistics Platforms
9:45 - 10:30	Dr. Eleftherios Iakovou Industry 4.0 & Logistics 4.0	10:15 - 11:00 Bill Eisele Multimodal Investment decisions	Thorsten Huelsmann Data sovereignty and trusted data governance as enabler for AI in digital logistics and supply chain	Dr. Naoum Tsolakis Exploring Emerging Supply Network Configurations Enabled by Renewable Feedstocks and Novel Processing Technologies	Dr. Georgia Aifantopoulou On demand logistics
10:30 - 11:00	Coffee Break	11:00 -	Coffee Break		
11:00 - 13:30	Competence Center event	11:30- 12:15 Aljosja Beije Blockchain and Supply Chain Management: concepts, strategies and use-cases	Dr. Marko Petkovic Warehouse optimization	Olivera Grjevic Text mining for demand sensing"	Dr. Dimitrios Bechtsis / Dr. Dimitrios Vlachos IoT & Autonomous technologies
		12:15- 13:00 Aljosja Beije Blockchain and Supply Chain Management: concepts, strategies and use-cases	Dr. Ioannis Mallidis Forecasting in Industry 4,0	Olivera Grjevic Text mining for demand sensing	Dr. Dimitrios Bechtsis IoT & Autonomous technologies
		13:00 - 14:00	Lunch Break		
13:30 - 14:00	Lunch Break	14:00 - 14:45 Dr. Josep Maria Salanova Grau Digital Cities - Thessaloniki Smart Mobility Living Lab	Apostolos Bizakis Port Terminal Operating Systems in the digital age	Vasilis Loulos Digital Supply Chains and Logistics in Chemical Industry: Best Practices from Syngenta	Students project presentation
14:00 - 14:45	Juan Carlo Implementing Blockchain-Based Port Community System: the Port of Veracruz Proof-of-Concept	14:45 - 15:30 Dr. Josep Maria Salanova Grau Digital Cities - Thessaloniki Smart Mobility Living Lab	Apostolos Bizakis Port Terminal Operating Systems in the digital age	Vasilis Loulos Digital Supply Chains and Logistics in Chemical Industry: Best Practices from Syngenta	Students project presentation
14:45 - 15:30	Juan Carlo Impact of Internet of Things (IoT) on Supply Chain Performance	15:30 -	Coffee Break		
15:30 - 16:00	Coffee Break	16:00			
16:00- 17:30	Students Lad	16:00- 17:30	Students Lad	Students Lad	Students Lad
	Thessaloniki Tour		Social Dinner	Visit to Museum	Free Time
					End of Summer School

Industry 4,0 Logistics 4,0	Novelties in Logistics	Case Studies	Competence Center
